A History Of Mathematical Notations Vol I Item Preview remove-circle ... by Cajori, Florian. ... Mathematics, Fundamental and general consideration of mathematics. Publisher The Open Court Company, Publishers. Collection universallibrary. Contributor Osmania University. Mathematics historian Florian Cajori (1859–1930) taught at Tulane University and Colorado College, as well as at the University of California, Berkeley, where he was appointed to a specially created chair in history of mathematics. A History of Mathematical Notations book. Read reviews from world's largest community for readers. This classic study notes the first appearance of a mat... Described even today as "unsurpassed," this history of mathematical notation stretching back to the Babylonians and Egyptians is one of the most comprehensive written. In two impressive volumes -- first published in 1928-9 -- distinguished mathematician Florian Cajori shows the origin, evolution, and dissemination of each symbol and the competition it faced in its rise to popularity or fall into obscurity.
